## Table of Contents

Join a project on the DEEP system	3
-----------------------------------	---

## Join a project on the DEEP system

To join an existing project on the DEEP system please follow these steps below:

- 1) Login with your LDAP account on the [?JuDoor portal](#)
- 2) Klick on "Join a project"
- 3) Type in the ID of your project. DEEP-EST members please use "cdeep". EAP project members please use your project ID (TypeX\_Y)
- 4) Once you are accepted by the PI of your project you have to sign a usage agreement:

After this you have access to the system.
