Integrate applications in JUBE

Pull the benchmark suite from "?ssh://git@gitlab.version.fz-juelich.de:10022/DEEP-EST/WP2.1_Benchmarking/deep-est_benchmarks.git" and switch to the 'dev'-branch. Read the file 'README.md' to get information on how to use the benchmark suite. If something is not working or unclear or suboptimally configured please contact the people stated within 'README.md'.
